

## **FIRST AID**

When you accept the role of Coach and/or Team Manager you accept a major responsibility for the care and safety of your players.

Although the athletes share in the responsibility for their protection and safety, their ability to understand what they can do,, how they can do it, and whether they are doing it correctly, may be limited. It is your job to help them practice and play as safely as possible.

**EACH TEAM IS REQUIRED TO HAVE A COMPLETE FIRST AID KIT  
PRESENT AT EACH GAME**
